

HÉMICYCLE

Chef Flavio Lucarini and pastry chef Aurora Storari take you
on a journey from Rome... in Paris.

Let the debate begin!

AGREEMENTS AND DISAGREEMENTS

This page presents my universe, my reflections, and the tensions that make, in my opinion, the richness of any democracy.

Each month, I will propose two pairings at the Coravin: one to highlight a producer, a vintage or a terroir; the other from my most beautiful bottles in the cellar.

I hope this selection will catch your attention.

This month, I am pleased to introduce you:

DOMAINE LEFLAIVE – 5 Verres	(8cl)	245€
-----------------------------	-------	------

HEMICYCLE – Les grands millésimes et les grands terroirs de notre cave	(8cl)	350€
--	-------	------

The actual chords can be found on the following pages; These are rare eno-gastronomic experiences.

That is why I am happy to offer them to you.

The agreement is to be considered for the whole table
